

If the condition is **Acute/Urgent** in nature and there is a serious risk of sight loss then refer the patient to **Mid Yorkshire Hospital Acute Clinic**. Details are in the red box below.

If the condition is **Routine** then refer the patient to the **Mid Yorkshire Hospital Routine Clinic** or to one of the five **Community Based Clinics** in our area. Details are in the green boxes below.

If you are unsure, then consult the Commissioners Referral Guidelines for help.
